

HEALTH INSPECTORS HAVE FINISHED UP WORK HERE

Have Left City For Other Places To Continue Their Duties.

SEWERS IN GOOD SHAPE

Vault Closets Found To Be In Very Bad Condition.

The State Health department inspectors who have been here for several days investigating the condition of the sewers and other things of vital importance of the health of the people of this community have completed their labors and left this town. The men who were under the direction of W. C. Clark made this their headquarters in Charleroi while they were working other towns of the valley, such as Monessen, Belle Vernon and Monongahela.

The sewers were found to be in very good condition in Charleroi, more so than is the general rule in most towns. It seems that this is one thing with which the officials in the past have been rather careful in this place.

The closets, another specialty with which the inspectors have to deal are not in so good a condition, however, and the vault closets, which have no flushing apparatus are in very bad shape in most places. The latter is something that has caused the Health Officer of Charleroi and the Health Board considerable trouble, and it is stated that they will have to be removed. Mr. Darby the health officer has already informed quite a number of people to the effect that these should be removed, and a more sanitary arrangement made.

The inspectors will make their report to the State Health department, after which will come the orders to the local departments of the necessary cleaning. It will likely be some time however before the reports are acted upon.

COMMITTEE WILL VISIT HOSPITAL

Charles A. Bentley arrived in Monongahela yesterday from Harrisburg, but left later for Pittsburgh. During the next three days, in company with other members of the House Appropriation Committee he will visit many of the hospitals in Allegheny and Washington counties. Morgantown and Washington will be visited Sunday afternoon, the sub-committee arriving in Monongahela Sunday evening to visit the Memorial hospital. Besides Mr. Bentley the other members of the committee will be George Richards, Horace McClung and David Johnson of Allegheny county.

Another Case of Rank Injustice

Independence, March 27.—A civil suit was tried here yesterday in the office of Justice C. P. Buchanan for a bill of \$3. The plaintiff lost his case, but the defendant was thrown in for the costs, which amounted to nearly double the original bill. Edward Duffey, who conducts a commercial coal mine near here brought suit against J. L. Virgin for an alleged bill of \$3. Several witnesses were heard. The justice gave the decision in favor of Virgin but directed that he pay the costs which amounted to \$5.98.

BOOM PREDICTED THIS SUMMER FOR WEST ZOLLARSVILLE

West Zollarsville, March 27.—Indications point to an unprecedented boom in this vicinity during the spring and summer months. With the building of the new coke ovens and the completion of other projects under way West Zollarsville, Marianna and surrounding towns will enjoy an era of prosperity.

It was learned today that the new coke ovens to be built here will not lessen the value of property for residence purposes as was at first supposed. The style of ovens to be built here will increase rather than lessen property values. The ovens will obviate all objectionable features by carrying the heat and smoke to the boiler house, where it will be utilized as fuel in generating steam, and escape from the smoke stacks hundreds of feet above ground.

FOSTER'S OPENING IS WELL ATTENDED

Yesterday the opening at Foster's millinery parlors on Fallowfield avenue which continued into today took place. Yesterday afternoon and last evening crowds thronged the store. The hats on display attracted much attention, the new styles for spring being seen in their glory at this popular store. The opening today is being attended by fully as large a crowd as that of yesterday.

A BIG FINISH.

Monday night will be the closing night of one of the most successful sales ever held in this city, and some one is going to get a watch free. A Manacuring set was given away last night and some one will be made happy tonight. It might be you. So if you have not taken advantage of the low prices at which the goods are being sold do so now before it is too late. Those who cannot attend this auction would do well to buy Monday at private sale, as most of the goods will be sold at 1-2 price. Wednesday Mr. McKean expects to move into his new room on McKean avenue and in order to cut his stock down he will offer prices unheard of, on watches, clocks, jewelry, silverware and cut glass. So if you can get to the auction either tonight or Monday night. Don't fail to be there Monday, at this half price sale. Everybody invited. Chairs for the ladies.

NIGHT SCHOOL STILL DROPS

But About Eighteen Pupils On An Average Attendance.

TEACHER IS DISMISSED

But One Instructor Needed Now To Handle Work At Night.

The night school at the Fifth street building is still diminishing and it has been found necessary by the school board to drop another teacher. This leaves but one, Prof. George H. Cheeseman, who also teaches some classes in High school during the day.

The average attendance now nightly is about eighteen, while the enrollment still stands at about 200.

The teacher that was dropped was John T. Richardson. He was the second elected to a place. Not long ago, Mrs. G. H. Thomas who taught in the night school, being the third elected, was of necessity dismissed.

At the present rate of the falling off in attendance the school will have to be discontinued, but this will not be done until absolutely necessary.

FOREIGNER CAUGHT THROUGH STAMP

Alleged Burglar Of Postoffice At Bulger Is Rounded Up.

Bulger, March 27.—Ignorance of Andy Sargaski betrayed him to the United States postal authorities yesterday. He is charged with robbing the Bulger postoffice. Others of a series of robberies that have been committed in this region within the past few months it is believed will also be traced to the man by means of the goods found at his shack.

The postoffice robbery was committed on the night of January 29. Up until yesterday there was not the least clue as to who had committed the crime. In attempt to use a two cent postage due stamp for legitimate mailing purposes coupled with some exceedingly clever "Sherlock Holmesing" on the part of Postmaster M. J. Aiken brought about the arrest of Sargaski, a Poleander, by Postoffice Inspector H. H. Williams, of Greensburg.

The postoffice was robbed of about \$3 in cash, January 29th of several dollars worth of stamps of various denominations and other articles. No clue could be found to the robbery until when a letter was dropped into the office containing a postage due stamp. This at once aroused Postmaster M. J. Aiken's suspicion and seeing that he had the opportunity of doing some clever detective work he set to his task. He at first examined the hand writing and identified it as that of a well known school teacher of the town. He went to the teacher, Miss Flora Pyle, who stated that two little Polish girls had asked her to address the envelope for them.

This gave Mr. Aiken another clue. It was found that the two girls were daughters of Sargaski. Aiken went to Midway before Justice Henry Eaton and secured a search warrant to go through the house of Sargaski who resides near the blocks of the Bulger Block Coal company. He also secured the services of Constable Harry Smith. Postoffice Inspector H. H. Williams, of Greensburg happened to be along the Panhandle yesterday and Mr. Aiken notified him of the supposed suspect.

The officers, the inspector and postmaster went to the home of Sargaski and asked him to explain where he received the postage due stamp which is used only when a letter is received at any office without sufficient postage being placed on it by the sender. Sargaski could give no satisfactory explanation and Inspector Williams ordered the search to be made. The members of the Sargaski family protested against the search and proclaimed their innocence.

The result of the search was the arrest of the Poleander.

GRONNINGER CALLS MEETING

Baseball Men To Convene In Uniontown On Monday Afternoon.

Morgantown Making Persistent Effort To Break Into League

President James Gronninger has called a meeting of the Pennsylvania-West Virginia league for Monday which will positively decide the circuit for the coming season. Although it is almost certain that the six teams represented last year will be in line again, there may be at least one change. All the \$500 forfeits will be given to the president on Monday or the club failing to deposit will lose its franchise.

It is said that Morgantown, which was making arrangements for a city league has given up that proposition and are now desirous of entering a team in the Pa. W. Va.

The two schedule committees, consisting of directors of the Pennsylvania and West Virginia towns, have presented their report to Gronninger and an official playing schedule will be adopted. In all probability the season will open the first week in May and close Labor day with a double header.

There is some talk of the forming of a Sporting Writers association Monday after the convention of the league, is to be composed of the writers on the different papers of the town composing the circuit. It is doubtful if anything will be done at the meeting however.

Work Will Be Finished This Fall At Lock 5

Rapid progress is being made on the work of building the new dam, No. 5, at Brownsville. The shore wall has been completed and the foundation of the lock walls put in place. The work is largely carried forward by electric power furnished from the plant of the contracting firm. At the progress now being made the dam and lock are expected to be completed by October.

WILL STAND BY OIL PROVISIONS

Congressman J. K. Tener of Charleroi and Representatives in Congress from other oil producing districts yesterday held a meeting at Washington and decided to support the provision of the tariff bill imposing the present countervailing duty upon crude petroleum. The matter was thoroughly discussed and there was a general determination to stand by the oil schedule contained in the bill.

It was the sentiment of a majority of the members present that a specific duty upon petroleum would be preferable, but as that does not appear to be possible it was determined to stand by the counter vailing duty. The Standard Oil company does not apparently show any interest in the subject one way or the other, and it was clearly demonstrated that the people most affected were the independent producers.

Surprise Friend.

Quite a jolly crowd of ladies from Belle Vernon and several from Charleroi, invaded the home of Mrs. Ger. Woodall, on Friday evening in honor of her birthday. The affair was quite a surprise to the hostess, as they quietly filed into the house, one after the other, masked and representing almost every nationality. The ladies were laden with good things to eat, and after several hours of pleasure, served a fine lunch, leaving on the last car for their homes.

LOCAL POLICE SEARCHING TODAY FOR MURDERER

Amended Petition in Equity Suit

In the equity suit of Elizabeth Desing, of Donora, against Esther Lofink and others, in which the plaintiff and the defendants are heirs a law of the estate of John C. Lofink, who died June 21, 1901, interstate, an amended bill has been filed.

The suit is for the partition of three tracts of land, situated in Carroll township, consisting of a tract of 37 acres upon which are erected two 2-story houses, also two lots.

The court is prayed that a commission may issue to divide and allot the several tracts in the proportions to which the heirs are respectively entitled.

Attorney Vernon Hazzard represents the plaintiff.

EXAMINATION FOR POSTMASTER

Three Persons Take Test For Office At Lock No. 4

Three persons took the civil service examinations given this morning for the postmastership at Lock No. 4. These were Mrs. Zimmerman, Miss Anna Carnahan and R. G. Staley. The examination was in charge of William McFall, of the Charleroi postoffice.

The results will be made known in a few weeks. The earnings of the Lock 4 office last year were something over \$600. This is the first of the examinations ever held in this section for a postmaster.

DISTRICT PAPER PRINTED HERE

The King's Business, the district paper of the Christian denomination, edited by H. C. Boblitt, pastor of the Charleroi First Christian church, is now being issued from the office of the Mail. The paper has been increased to twice its usual size and presents a very nice appearance. It is well edited and interesting to outside people as well as church members.

Athens Club Meeting.

The Athens club is holding its regular bi-monthly meeting in the rooms of the Merchants' Association this afternoon. There are but two papers on the program. The first will be by Mrs. Kaffer on "United States vs New Zealand" and "Immigration" by Mrs. J. Clive Enos. Mrs. Enos also has a reading entitled "Are We a People?" A portion of the session will be given over to a discussion of subjects for next year's study and nomination of officers. Roll call will be answered by naming "Republics of the World."

Chief Albright And Officer Higgins Go To McKeesport To Secure Man.

MAN WAS HERE SOMETIME

Committed Crime In New York City And Case Is Being Worked Up.

Chief of Police C. W. Albright and Officer John Higgins are in McKeesport and down river points today looking for a murderer who has been making his home in this section for some time. He is charged with having killed a New York man many months ago, and has succeeded in escaping the police departments of the country ever since.

The man is an Italian. He came here it is understood and secured employment at the Pittsburgh Plate Glass works. The New York police proceeding with their investigations learned that he was in this vicinity and sent word to Chief Albright, that it was thought that he was in Charleroi. Mr. Albright and his officers worked on the case, and recently learned that he had indeed been here, and learned where he had stayed. It appeared that he becoming alarmed left however, and went to McKeesport. It was only a day or so ago that this fact was learned by the police here, and it was arranged to go to that place today to see if they could locate the man, and arrest him.

The man, whose name cannot be learned, left here in haste, and with out getting the full amount of his pay at the Plate works. He has sent for it, and has been here several times to collect it.

There is a reward out for the capture of the man, and if Chief Albright and Officer Higgins succeed in getting him today will secure the amount offered.

WASN'T IN BEST OF CONDITION

Last night a couple of young fellows that had gotten into an argument on McKean avenue near Fifth street, went to the corner of Third street where the alleged devotees of pugilism were to proceed to mar the physiognomies of each to their hearts content. The would-be-pugs with their followers adjourned to the Third street meeting place, and nasty preparations were made for a bout that would make Jeffries and the rest of 'em green with envy. Finally the principals advanced both with determination—or fear written on their countenances, and countered a few times, then—run. It wasn't the "cop" however and the party soon returned but by this time one of the couple which were supposed to pummel each other—or both, were tired of the game anyhow, and when they arrived at the appointed rendezvous a declaration was made by one that he wasn't in condition to fight anyhow but would be back tomorrow night. That settled it, and everyone went away happy.

The Alien Tax Bill.

The aid that some members of the
legislature body in the Pennsylvania
State body are promising they will
give for the securing of the passage
of the bill providing for the taxing
of aliens in the state on a similar
basis with that of Americans, is an
indication that it touches the right
chord. This is very pleasing to local
constituents, who framed the bill. It
is one that should appeal to every
resident of this state, for the foreign
population is so great and the money
being taken out of the country by
them, being in such large amount,
that it is in reality reducing the reve-
nue. Whereas if there should be a
tax placed on all the foreigners, either
there would not be so many or the
revenue would be increased to thousands
of dollars more annually in the state.
Doubtless the bill will pass, but a
little haste about getting it through
would be a good thing, so that the en-
forcement of the law might begin,
and the state profit thereby.

Not the Top Rung

We are to soon again watch the
passing out of a class from the top
rung of the public school system in
Charleroi, the high school. There
are to be twelve graduates, the second
largest class in the history of the high
school. The graduates from a High
school oftentimes stop there, not rea-
lizing that that is but the beginning
of the better education. It is the
high school work that fits one for
college, and it is college that fits one
for life. A man with a college edu-
cation has many times more the chance
to gain success as the world knows it,
than the one who has not gone farther
than the high school. Let the young
people who this year pass out of our
schools remember this and not allow
themselves to become entangled with
the thought that they are ready to
fight the battle with the world at this
time but make up their minds to if it
any way possible get the best thing
in education and then carry out the
determination.

Electric Sparks

The Uniontown Morning Herald re-
marks, "The woman in the Whittia
kidnaping case spent the summer in
Charleroi," and then adds "That
settles it." Huh! If she had
spent the summer in Uniontown she
would have kidnaped the whole fam-
ily.

It might be allright to pave be-
tween the street car tracks from the
Charleroi Coal tippie to the Lock 4
switch, but we are dubious about
whether it would be the best policy.
Some of the North Charleroi people
would get into the habit of using it
for a sidewalk and the street cars
might run into some one and hurt
them.

Wireless politics would be ex-
tremely useful on ships of state.

"Indiana is Mr. Riley's state,"
says a New York paper. Perhaps,
as it has been established that it does
not belong to Mr. Kern.

Two street cars and a train to get to
Charleroi was the experience of some
travelers from Allentown on the car
that left there at 5:30 o'clock last even-
ing. The first car became out of
order, and the passengers were trans-
ferred to another. This one jumped
the track a short distance farther on.
Some of the passengers then decided
that the surest was the train and
caught it to this place. Among them
was Walter Jack who is employed as
salesman at the Leslie Campbell com-

Ordinary Cathartics and Pills
and Harsh Physic Cause
Distressing Complaints

You cannot be over-careful in the selection of medicine for children. Only the very gentlest bowel medicine should ever be given. Ordinary pills, cathartics and purgatives are too apt to do more harm than good. They cause griping, nausea and other distressing after effects that are frequently health destroying and a life-lasting annoyance.

We personally recommend and guarantee Rexall Orderlies as the fastest and most dependable remedy for constipation and associate bowel disorders. We have such absolute faith in the supreme virtues of this remedy that we sell it on our guarantee of money back in every instance where it fails to give entire satisfaction, and we urge all in need of such medicine to try it at our risk.

Rexall Orderlies contain an entirely new ingredient which is odorless, tasteless and colorless. It embraces all the best qualities of the soothing, palatable, strengthening and healing remedial active principles of the best known intestinal regulator tonics.

Rexall Orderlies are extremely pleasant to take, are particularly prompt and agreeable in action, may be taken at any time, day or night; do not cause diarrhoea, nausea, griping, excessive looseness, or other undesirable effects. They have a very natural action upon the glands and organs with which they come in contact, act as a positive and regenerative tonic upon the real, dev muscular coat of the bowel, remove irritation, dryness and soreness, overcome weakness, and tone and strengthen the nerves and muscles, and restore the bowels and associate organs to more vigorous and healthy activity.

Rexall Orderlies not only cure constipation, but they remove the cause of this ailment. They also overcome the necessity of constantly taking laxatives to keep the bowels in normal condition.

There is really no similar medicine so good as Rexall Orderlies, especially for children, aged and delicate persons. They are prepared in tablet form and in two sizes of packages: 12 tablets, 10, and 36 tablets, 25c. John W. Carroll, Charleroi, Pa.

HOME CURE FOR ECZEMA

Oil of Wintergreen, Thymol, Glycerine, Etc., Used as a Simple Wash

It really seems strange that so many people suffer year in and year out with eczema, when it is now no longer a secret that oil of wintergreen mixed with thymol, glycerine, etc., makes a wash that is bound to cure.

Old, obstinate cases, it is true, cannot be cured in a few days, but there is absolutely no sufferer from eczema who ever used this simple wash and did not find immediately that wonderfully soothing, calm, cool sensation that comes when the itch is taken away. Instantly upon applying a few drops of the wash the remedy takes effect, the itch is allayed. There is no need of experiment—the patient knows at once.

Instead of trying to compound the oil of wintergreen, thymol, glycerine, etc., in the right proportions ourselves we are using a prescription which is universally found the most effective. It is known as the D. D. D. Prescription, or Oil of Wintergreen Compound. It is made by the D. D. D. Co. of Chicago, and our long experience with this remedy has given us great confidence in its merits.

LEFT ON HER DOORSTEP FOR THIS MOTHER

Mrs. A. G. Tuson, of Livermore, Cal., writes: "I picked up from my doorstep one day a little book in which I soon became very much interested. My little girl of five years of age had been troubled for a long time with loss of appetite, extreme nervousness and undue fatigue. She was all run-down and in a very delicate condition. 'This little book was very comprehensively written, and told of the new method of extracting the medicinal elements of the cod's liver from the oil, eliminating the obnoxious oil which is so hard for children to take. 'Just the thing,' said I. 'For my little daughter,' and I immediately went for a bottle of Vinol. It helped her wonderfully. She has gained rapidly in flesh and strength, and she does not take cold half so easily. 'I am extremely grateful for the good it has done her, and I hope other mothers who have weak, delicate or ailing children will be benefited by my experience and just give Vinol a trial.'"

HEALTH INSPECTORS HAVE FINISHED UP WORK HERE

Have Left City For Other Places To Continue Their Duties.

SEWERS IN GOOD SHAPE

Vault Closets Found To Be In Very Bad Condition.

The State Health department inspectors who have been here for several days investigating the condition of the sewers and other things of vital importance of the health of the people of this community have completed their labors and left this town. The men who were under the direction of W. C. Clark made this their headquarters in Charleroi while they were working other towns of the valley, such as Monacaan, Belle Vernon and Monongahela.

The sewers were found to be in very good condition in Charleroi, more so than in the general rule in most towns. It seems that this is one thing with which the officials in the past have been rather careful in this place.

The closets, another specialty with which the inspectors have to deal are not in so good a condition, however, and the vault closets, which have no flushing apparatus are in very bad shape in most places. The latter is something that has caused the Health Officer of Charleroi and the Health Board considerable trouble, and it is stated that they will have to be removed. Mr. Darby the health officer has already informed quite a number of people to the effect that these should be removed, and a more sanitary arrangement made.

The inspectors will make their report to the State Health department, after which will come the orders to the local departments of the necessary cleaning. It will likely be some time however before the reports are acted upon.

COMMITTEE WILL VISIT HOSPITAL

Charles A. Bentley arrived in Monongahela yesterday from Harrisburg, but left later for Pittsburgh. During the next three days, in company with other members of the House Appropriation Committee he will visit many of the hospitals in Allegheny and Washington counties. Morgans and Washington will be visited Sunday afternoon, the sub-committee arriving in Monongahela Sunday evening to visit the Memorial hospital. Besides Mr. Bentley the other members of the committee will be George Richards, Horace McCullough and David Johnson all of Allegheny county.

See Them in our Show Window.

For a leader we offer a four piece solid quartered oak Bed Room Suit including bed, dresser, chiffonier and wash stand worth \$25.00 for only \$20.00. By a special arrangement with the manufacturers we are able to give you this great bargain, but we were only able to get a limited number and we advise you to come early if you want a bargain. Correll and Crowley, Coyle theatre building, McKean avenue.

Another Case of Rank Injustice

Independence, March 27.—A civil suit was tried here yesterday in the office of Justice C. P. Buchanan for a bill of \$3. The plaintiff lost his case, but the defendant was thrown in for the costs, which amounted to nearly double the original bill.

Edward Duffey, who conducts a commercial coal mine near here brought suit against J. L. Virgin for an alleged bill of \$3. Several witnesses were heard. The justice gave the decision in favor of Virgin but directed that he pay the costs which amounted to \$7.98.

BOOM PREDICTED THIS SUMMER FOR WEST ZOLLARSVILLE

West Zollarsville, March 27.—Indications point to an unprecedented boom in this vicinity during the spring and summer months. With the building of the new coke ovens and the completion of other projects under way West Zollarsville, Marianna and surrounding towns will enjoy an era of prosperity.

It was learned today that the new coke ovens to be built here will not lessen the value of property for residence purposes as was at first supposed. The style of ovens to be built here will increase rather than lessen property values. The ovens will obviate all objectionable features by carrying the heat and smoke to the boiler house, where it will be utilized as fuel in generating steam, and escape from the smoke stacks hundreds of feet above ground.

FOSTER'S OPENING IS WELL ATTENDED

Yesterday the opening at Foster's millinery parlors on Fallowfield avenue which continued into today took place. Yesterday afternoon and last evening crowds thronged the store. The hats on display attracted much attention, the new styles for spring being seen in their glory at this popular store. The opening today is being attended by fully as large a crowd as that of yesterday.

A BIG FINISH.

Monday night will be the closing night of one of the most successful sales ever held in this city, and some one is going to get a watch free. A Manacuring set was given away last night and some one will be made happy tonight. It might be you. So if you have not taken advantage of the low prices at which the goods are being sold do so now before it is too late. Those who cannot attend this auction would do well to buy Monday at private sale, as most of the goods will be sold at 1-2 price. Wednesday Mr. McKean expects to move into his new room on McKean avenue and in order to cut his stock down he will offer prices unheard of, on watches, clocks, jewelry, silverware and cut glass. So if you can get to the auction either tonight or Monday night. Don't fail to be there Monday, at this half price sale. Everybody invited. Chairs for the ladies.

NIGHT SCHOOL STILL DROPS

But About Eighteen Pupils On An Average Attendance.

TEACHER IS DISMISSED TO DEPOSIT MONEY

But One Instructor Needed Now To Handle Work At Night.

The night school at the Fifth street building is still diminishing and it has been found necessary by the school board to drop another teacher. This leaves but one, Prof. George H. Cheeseman, who also teaches some classes in High school during the day.

The average attendance now nightly is about eighteen, while the enrollment still stands at about 200.

The teacher that was dropped was John T. Richardson. He was the second elected to a place. Not long ago, Mrs. G. H. Thomas who taught in the night school, being the third elected, was of necessity dismissed.

At the present rate of the falling off in attendance the school will have to be discontinued, but this will not be done until absolutely necessary.

FOREIGNER CAUGHT THROUGH STAMP

Alleged Burglar Of Postoffice At Bulger Is Rounded Up.

Bulger, March 27.—Ignorance of Andy Sargaski betrayed him to the United States postal authorities yesterday. He is charged with robbing a series of robberies that have been committed in this region within the past few months it is believed will also be traced to the man by means of the goods found at his shack.

The postoffice robbery was committed on the night of January 29. Up until yesterday there was not the least clue as to who had committed the crime. In attempt to use a two cent postage due stamp for legitimate mailing purposes coupled with some exceedingly clever "Sherlock Holmesing" on the part of Postmaster M. J. Aiken brought about the arrest of Sargaski, a Poleander, by Postoffice Inspector H. H. Williams, of Greensburg.

The postoffice was robbed of about \$3 in cash, January 29th of several dollars worth of stamps of various denominations and other articles. No clew could be found to the robbery until when a letter was dropped into the office containing a postage due stamp. This at once aroused Postmaster M. J. Aiken's suspicion and seeing that he had the opportunity of doing some clever detective work he set to his task. He at first examined the hand writing and identified it as that of a well known school teacher of the town. He went to the teacher, Miss Flora Pyle, who stated that two little Polish girls had asked her to address the envelope for them.

This gave Mr. Aiken another clew. It was found that the two girls were daughters of Sargaski. Aiken went to Midway before Justice Henry Eaton and secured a search warrant to go through the house of Sargaski who resides near the blocks of the Bulger Block Coal company. He also secured the services of Constable Harry Smith.

Postoffice Inspector H. H. Williams, of Greensburg happened to be along the Panhandle yesterday and Mr. Aiken notified him of the supposed suspect.

The officers, the inspector and postmaster went to the home of Sargaski and asked him to explain where he received the postage due stamp which is used only when a letter is received at any office without sufficient postage being placed on it by the sender.

Sargaski could give no satisfactory explanation and Inspector Williams ordered the search to be made. The members of the Sargaski family protested against the search and threatened their lives. The officers of the Sargaski family were taken to the jail.

GRONNINGER CALLS MEETING

Baseball Men To Convene In Uniontown On Monday Afternoon.

Morgantown Making Persistent Effort To Break Into League

President James Gronninger has called a meeting of the Pennsylvania West Virginia league for Monday which will positively decide the circuit for the coming season. Although it is almost certain that the six teams represented last year will be in line again, there may be at least one change. All the \$300 forfeits will be given to the president on Monday or the club failing to deposit will lose its franchise.

It is said that Morgantown, which was making arrangements for a city league has given up that proposition and are now desirous of entering a team in the Pa. W. V. The two schedule committees, consisting of directors of the Pennsylvania and West Virginia towns, have presented their report to Gronninger and an official playing schedule will be adopted. In all probability the season will open the first week in May and close Labor day with a double header.

There is some talk of the forming of a Sporting Writers association Monday after the convention of the league, is to be composed of the writers on the different papers of the town composing the circuit. It is doubtful if anything will be done at the meeting however.

Work Will Be Finished This Fall At Lock 5

Rapid progress is being made on the work of building the new dam, No. 5, at Brownsville. The shore wall has been completed and the foundation of the lock walls put in place. The work is largely carried forward by electric power furnished from the plant of the contracting firm. At the progress now being made the dam and lock are expected to be completed by October.

WILL STAND BY OIL PROVISIONS

Congressman J. K. Tener of Charleroi and Representatives in Congress from other oil producing districts yesterday held a meeting at Washington and decided to support the provision of the tariff bill imposing the present countervailing duty upon crude petroleum. The matter was thoroughly discussed and there was a general determination to stand by the oil schedule contained in the bill.

It was the sentiment of a majority of the members present that a specific duty upon petroleum would be preferable, but as that does not appear to be possible it was determined to stand by the counter vailing duty. The Standard Oil company does not apparently show any interest in the subject one way or the other, and it was clearly demonstrated that the people most affected were the independent producers.

Surprise Friend.

Quite a jolly crowd of ladies from Belle Vernon and several from Charleroi, invaded the home of Mrs. Geo. Woodall, on Friday evening in honor of her birthday. The affair was quite a surprise to the hostess, as they quietly filed into the house, one after the other, masked and representing almost every nationality. The ladies were laden with good things to eat, and after a fine lunch, leaving on the last car for their homes.

Feeling Columbus Co. Cars, and Regularly at \$10.00, \$15.00 and \$20.00. Sold at \$4.00, \$6.00 and \$8.00. Call on and Correll, Coyle theatre Bldg. McKean avenue.

LOCAL POLICE SEARCHING TODAY FOR MURDERER

Amended Petition in Equity Suit

In the equity suit of Elizabeth Desing, of Donora, against Esther Lofink and others, in which the plaintiff and the defendants are heirs a law of the estate of John C. Lofink, who died June 21, 1901, interstate, an amended bill has been filed.

The suit is for the partition of three tracts of land, situated in Carroll township, consisting of a tract of 37 acres upon which are erected two 2-story houses, also two lots.

The court is prayed that a commission may issue to divide and allot the several tracts in the proportions to which the heirs are respectively entitled. Attorney Vernon Hazzard represents the plaintiff.

EXAMINATION FOR POSTMASTER

Three Persons Take Test For Office At Lock No. 4

Three persons took the civil service examinations given this morning for the postmastership at Lock No. 4. These were Mrs. Zimmermann, Miss Anna Carahan and R. G. Staley. The examination was in charge of William McFall, of the Charleroi postoffice.

The results will be made known in a few weeks. The earnings of the Lock 4 office last year were something over \$800. This is the first of the examinations ever held in this section for a postmaster.

DISTRICT PAPER PRINTED HERE

The King's Business, the district paper of the Christian denomination, edited by E. C. Boblitt, pastor of the Charleroi First Christian church, is now being issued from the office of the Mail. The paper has been increased to twice its usual size and presents a very nice appearance. It is well edited and interesting to outside people as well as church members.

Athens Club Meeting.

The Athens club is holding its regular bi-monthly meeting in the rooms of the Merchants' Association this afternoon. There are but two papers on the program. The first will be by Mrs. Kaffer on "United States vs New Zealand" and "Immigration" by Mrs. J. Clive Enos. Mrs. Enos also has a reading entitled "Are We a People?" A portion of the session will be given over to a discussion of subjects for next year's study and nomination of officers. Roll call will be answered by naming "Republics of the World."

Ladies this is Opening week at Fosters Millinery Parlors, 417 Fallowfield avenue, Charleroi, Friday and Saturday. Be sure and come in. 1918

Chief Albright And Officer Higgins Go To McKeesport To Secure Man.

MAN WAS HERE SOMETIME

Committed Crime In New York City And Case Is Being Worked Up.

Chief of Police C. W. Albright and Officer John Higgins are in McKeesport and down river points today looking for a murderer who has been making his home in this section for some time. He is charged with having killed a New York man many months ago, and has succeeded in escaping the police departments of the country ever since.

The man is an Italian. He came here it is understood and secured employment at the Pittsburg Plate Glass works. The New York police proceeding with their investigations learned that he was in this vicinity and sent word to Chief Albright, that it was thought that he was in Charleroi. Mr. Albright and his officers worked on the case, and recently learned that he had indeed been here, and learned where he had stayed. It appeared that he becoming alarmed left however, and went to McKeesport. It was only a day or so ago that this fact was learned by the police here, and it was arranged to go to that place today to see if they could locate the man, and arrest him.

The man, whose name cannot be learned, left here in haste, and without getting the full amount of his pay at the Plate works. He has sent for it, and has been here several times to collect it.

There is a reward out for the capture of the man, and if Chief Albright and Officer Higgins succeed in getting him today will secure the amount offered.

WASN'T IN BEST OF CONDITION

Last night a couple of young fellows that had gotten into an argument on McKean avenue near Fifth street, went to the corner of Third street where the alleged devotees of pugilism were to proceed to war the physiognomies of each to their hearts content.

The would-be-pugs with their followers adjourned to the Third street meeting place, and hasty preparations were made for a bout that would make Jeffries and the rest of 'em green with envy. Finally the principals advanced both with determination—or fear written on their countenances, and countered a few times, then—run. It wasn't the "cop" however and the party soon returned but by this time one of the couple which were supposed to pummel each other—or both, were tired of the game anyhow, and when they arrived at the appointed rendezvous a declaration was made by one that he wasn't in condition to fight anyhow but would be back tomorrow night. That settled it, and everyone went away happy.

The Alien Tax Bill.

The aid that some members of the
legislature body in the Pennsylvania
State body are promising they will
give for the securing of the passage
of the bill providing for the taxing
of aliens in the state on a similar
basis with that of Americans, is an
indication that it touches the right
chord. This is very pleasing to local
constituents, who framed the bill. It
is one that should appeal to every
resident of this state, for the foreign
population is so great and the money
being taken out of the country by
them, being in such large amount,
that it is in reality reducing the reve-
nue. Whereas if there should be a
tax placed on all the foreigners, either
there would not be so many or the
revenue would be increased to thousands
of dollars more annually in the state.
Doubtless the bill will pass, but a
little haste about getting it through
would be a good thing, so that the en-
forcement of the law might begin,
and the state profit thereby.

Not the Top Rung.

We are to soon again watch the
passing out of a class from the top
rung of the public school system in
Charleroi, the high school. There
are to be twelve graduates, the second
largest class in the history of the high
school. The graduates from a High
school oftentimes stop there, not real-
izing that that is but the beginning
of the better education. It is the
high school work that fits one for
college, and it is college that fits one
for life. A man with a college edu-
cation has many times more the chance
to gain success as the world knows it,
than the one who has not gone farther
than the high school. Let the young
people who this year pass out of our
schools remember this and not allow
themselves to become entangled with
the thought that they are ready to
fight the battle with the world at this
time but make up their minds to if in
any way possible get the best things
in education and then carry out the
determination.

Electric Sparks

The Uniontown Morning Herald re-
marks, "The woman in the Whittie
kidnaping case spent the summer in
Charleroi," and then adds, "The
settles it." Huh! If she had
spent the summer in Uniontown she
would have kidnaped the whole fam-
ily.

It might be alright to pave be-
tween the street car tracks from the
Charleroi Coal tippie to the Lock 4
switch, but we are dubious about
whether it would be the best policy.
Some of the North Charleroi people
would get into the habit of using it
for a sidewalk and the street cars
might run into some one and hurt
them.

Wireless politics would be ex-
tremely useful on ships of state.

"Indiana is Mr. Riley's state,"
says a New York paper. Perhaps,
as it has been established that it does
not belong to Mr. Kern.

Two street cars and a train to get to
Charleroi was the experience of some
travelers from Allentown on the car
that left there at 5:30 o'clock last even-
ing. The first car became out of
order, and the passengers were trans-
ferred to another. This one jumped
the track a short distance farther on.
Some of the passengers then decided
that the safest way was to get out and
catch it to this place. Among them
was Walter Jack who is employed as
salesman at the Leslie Campbell com-
pany.

The Better Made Clothes

You will find here a line of **Boys', Youths' and Young Men's Clothing** that will be a revelation to you. We were determined this year to handle the very best to be found for the little and young men, and we are certain we have found what we and you have long wanted—clothing for the little fellows with all the snap, dash, tailoring, colors, fine fabrics, and fit of their dads and big brothers togs.

Come in and look our stock over, bring the boy, let him see the clothes he has been wanting.

We have clothes for the grown boys too—boys anywhere from twenty one to eighty-one—just as good, as snappy and as reliable as our boy's clothing.

All the very latest colors—greens, tans, slates, stones, greys, and the old reliable blues and blacks.

FURNISHINGS

LEFT ON HER DOORSTEP FOR THIS MOTHER

Mrs. A. G. Tuson, of Livermore, Cal., writes: "I picked up from my doorstep one day a little book in which I soon became very much interested. My little girl of five years of age had been troubled for a long time with loss of appetite, extreme nervousness and undue fatigue. She was all run-down and in a very delicate condition. "This little book was very comprehensively written, and told of the new method of extracting the medicinal elements of the cod's liver from the oil, eliminating the obnoxious oil which is so hard for children to take. "Just the thing," said I, "for my little daughter," and I immediately went for a bottle of Vinol. It helped her wonderfully. She has gained rapidly in flesh and strength, and she does not take cold half so easily. "I am extremely grateful for the good it has done her, and I hope other mothers who have weak, delicate or ailing children will be benefited by my experience and just give Vinol a trial."

THEY INJURE CHILDREN

Ordinary Cathartics and Pills
and Harsh Physic Cause
Distressing Complaints

You cannot be over-careful in the selection of medicine for children. Only the very gentlest bowel medicine should ever be given. Ordinary pills, cathartics and purgatives are too apt to do more harm than good. They cause griping, nausea and other distressing after effects that are frequently health destroying and a life-lasting annoyance.

We personally recommend and guarantee Rexall Orderlies as the fastest and most dependable remedy for constipation and associate bowel disorders. We have such absolute faith in the supreme virtues of this remedy that we sell it on our guarantee of money back in every instance where it fails to give entire satisfaction, and we urge all in need of such medicine to try it at our risk.

Rexall Orderlies contain an entirely new ingredient which is odorless, tasteless and colorless. It embraces all the best qualities of the soothing, palat, strengthening and healing remedial active principles of the best known intestinal regulator tonics.

Rexall Orderlies are extremely pleasant to take, are particularly prompt and agreeable in action, may be taken at any time, day or night; do not cause diarrhoea, nausea, griping, excessive looseness, or other undesirable effects. They have a very natural action upon the glands and organs with which they come in contact, act as a positive and regulative tonic upon the real, dry muscular coat of the bowel, remove irritation dryness and soreness, overcome weakness, and tone and strengthen the nerves and muscles, and restore the bowels and associate organs to more vigorous and healthy activity.

Rexall Orderlies not only cure constipation, but they remove the cause of this ailment. They also overcome the necessity of constantly taking laxatives to keep the bowels in normal condition.

There is really no similar medicine so good as Rexall Orderlies, especially for children, aged and delicate persons. They are prepared in tablet form and in two sizes of packages: 12 tablets, 10, and 36 tablets, 25c. John W. Carroll, Charleroi, Pa.

HOME CURE FOR ECZEMA

Oil of Wintergreen, Thymol, Glycerine, Etc.,
Used as a Simple Wash

It really seems strange that so many people suffer year in and year out with eczema, when it is now no longer a secret that oil of wintergreen mixed with thymol, glycerine, etc., makes a wash that is bound to cure.

Old, obstinate cases, it is true, cannot be cured in a few days, but there is absolutely no sufferer from eczema who ever used this simple wash and did not find immediately that wonderfully soothing, calm, cool sensation that comes when the itch is taken away. Instantly upon applying a few drops of the wash the remedy takes effect, the itch is allayed. There is no need of experiment—the patient knows at once.

Instead of trying to compound the oil of wintergreen, thymol, glycerine, etc., in the right proportions ourselves we are using a prescription which is universally found the most effective. It is known as the D. D. D. Prescription, or Oil of Wintergreen Compound. It is made by the D. D. D. Co. of Chicago, and our long experience with this remedy has given us great confidence in its merits.

FREE TREATMENT TO ALL WHO ASK

To you—if you are sick—if you suffer—if you are afflicted with
any ailment—if you are worn out, tired or failing—if you have
an ache or a pain—if you need medical advice—if you are not in
perfect health—if life is a dragging, miserable existence—if you
lack the energy, the vim-vigor and "Go" that make life worth
living. To you, if you are rich or poor—youth or old—man or
woman—To You This Offer is Made, no matter where you live.

All Diseases—I cure all diseases that can be cured by modern
medicine. I have cured hundreds that others
said were incurable. Discretely chronic cases are my specialty. I like to begin
where others fail. Rheumatism, Kidney and Bladder Trouble, Dyspepsia, Indigestion,
Constipation and all other diseases of the Stomach, Liver and Bowels, Catarrh, Asthma,
Bronchitis, Chronic Coughs, Weak Lungs and Incipient Consumption, Nervousness,
Neurasthenia, All Female Troubles, Scrophula, Impure Blood, Anemia, Eczema and
All Eruptions and Diseases of the Skin, Partial Paralysis, Piles, Heart Trouble,
Lumbago, Obesity, General Debility and all other chronic ailments that medicine
will reach. I have cured Men and women, weak, debilitated, worn out, tired and
failing. Let me prove that I can Cure You.

Valuable Medical Book Free.—Write to me at once and in addition to the
free treatment, I will send you copy of my
new HOME MEDICAL BOOK. This volume should be in every household. It contains
over 126 pages of practical information and expert professional advice. Describes all
diseases, explains all symptoms, gives the causes of diseases, tells how to prevent
sickness and explains how a great many diseases may be cured in your own home.

This is All I Ask—No money—No promise to buy—No papers to sign—No obli-
gation on your part. This is all you have to do. Write me a
letter describing your case in your own words. Tell me as much about your condition as
you can, it will help me to succeed. Write me today, and by return mail I will send you
a treatment, sealed in a plain wrapper, postage paid, and free—Free to you—Free to any
afflicted member of your family, friend or neighbor. It may mean long life—health—
strength—vigor—to you if you write today. You have nothing to lose, everything to
gain. Do it now.
